Doug Hanson proved to be the inspirational highpoint of 1st Global's National Conference. Our attendees, consisting of over 600 CPAs, tax professionals and financial advisors, were fully engaged by Doug's message, and, by the end, were on their feet, clapping and cheering.

At the climax of the presentation, several of our attendees took the stage with Doug to prove that energy, enthusiasm, emotional team support, and positive thinking can stretch the achievement potential of every individual.

Bravo, Doug!
