Dear Doug,

First let me say "CONGRATULATIONS!" For the first time in the history of our company, we have a speaker scoring all perfect marks on our conferences evaluation. Extraordinary job!

I've been with BeautyFirst for over 10 years and scheduled numerous speakers for our conferences, but I've never had such an overwhelming response as I have from your presentation. The energy in the room was electrifying! You kept the audience engaged the entire time with your dynamism and enthusiasm. It was absolutely amazing, inspirational, motivational and a true opportunity for our company.

We are still receiving feedback from our employees on how impactful your stage presentation and information was. Our team is still talking about the impression you made in their lives.

I was personally inspired by your "To Be List". I've made countless "To Do Lists", but never have I taken the time to create a "To Be List". What an amazing idea. This list can change your outlook and make one's world a better place to be.

In addition to a perfect score, here are several quotes we have received from our conference evaluations:

"Literally, the best motivational speaker I've heard"
"Absolutely amazing"
"Inspiring"
"Best ever"
"Loved the man!"
"Powerful message"
"Useful information"
"What great energy"
"Best speaker I've heard"
"Love this guy...bring him back next year"
"Bring him back"
"Outstanding"
"Excellent"
"Very motivating"

Thanks for making our conference the best event in our company history.

Sincerely,

Colleen Camp Allen
