Mr. Doug Hanson,

WOW!!! Your program is excellent. We had a great time, but more important, we learned valuable information that has improved our organization and the employees individually as well. All of the feedback I've received has been positive. Our morale and attitudes have improved since you were here, and that was two months ago. You taught us many things, specifically to be a better team, and to work together even when we have personal differences. You taught us to look past the obvious and be creative to find better solutions.

Doug, you are very talented in your field. I have been to many similar seminars and they haven't compared to your program. You did an excellent job of communicating to a diverse group of individuals that participated. I am thrilled we made the decision to utilize your service and look forward to our next workshop.

Congratulations on a job well done, and THANK YOU!

Sincerely,

P.S. – One way we determine our customer's satisfaction is to ask if they would refer us to others. We would recommend you very highly.
