Dear Doug:

The knowledge and information that we learned in your conferences has been priceless! Your presentation was uplifting, enlightening, and truly “transforming”. You were able to capture our team with your energy, conviction and the undeniable truth of your message! In fact, here’s what our teams had to say.

" the Pennsylvania and Delaware team has had Doug as our motivational speaker for two consecutive years at our conference. The first time we heard him he left us on an emotional and professional high I didn't think could be surpassed. The second year began with us looking for a different motivational speaker. After viewing tapes from perspective candidates I called my assistant and said "get me Doug!" I wasn't sure if Doug would top his first performance, but he did. Our team left the conference energized, motivated, and believing they could be the best! That year our district was number one in sales and I can draw a direct line from Doug to our results.

Thanks Doug, you're the greatest!!

"Although some of my team members had seen Doug on tape, it paled in comparison to seeing Doug Hanson Live! Doug's presentation and exercises brought our team even closer, generated untapped enthusiasm and building a greater sense of unity, purpose and vision within our team. He provided everyday tools that will help us stay motivated, focused and excited about the future we face. Over 95% of the participants strongly agreed that Doug provided the tools to help them become a more effective leader. Thanks for recharging our batteries and helping us to make rapid advancement!"

Without exception, the impact you had on our conferences was a Success! You are an amazing, one-of-a-kind speaker, that I'd highly recommend to any corporate partner.

Sincerely,

A handwritten signature in black ink that reads "Bob Driscoll".
